

8 & 40 National Awards 2021 – 2022

“Hope For A Cure For Our Special Children”

Reporting is so important when it comes to recognizing the work that is done by our Departementaux for the Special Children of the Eight and Forty. This year we will be delivering awards to the Departementaux that report their donations and projects. We are all “Hoping for a Cure “ in the work that we do but recognition will be given to the outstanding Departementaux. The key to receiving an Award is to submit entries by the following the rules and by the entry deadlines.

Each year there are special awards that are presented to those who take the time to enter and **FOLLOW THE RULES**. The Departemental Chapeau Communications books are sent to the National Awards Chairman, along with funds to return it, for the end of the year judging. The rules for all the National Awards are in the Revised Handbook, 2021 edition, starting on page 61.

The Awards Committee encourages all Salons and every Departemental Chairman in every Departemental to record the work they have done this year. Enter as many Awards as possible. The benefactors of all our work are our Special Children “ Hoping For A Cure”. Our Awards received are acknowledgement for work well done.

Divisional Awards are to be presented at the Pre Marche Committee meetings and the Divisional Caucus meetings. Remember to pay close attentions to the reporting date and deadlines.

In Service, Fellowship and Fun,

Your National Awards Committee
