

# Greetings from Le Chapeau

Diane Spencer

## "Hearts in Service for our Special Children"

Wow June is here already. In two months we will be in Kentucky for the 99<sup>th</sup> Nationale La Marche. The planning is coming together. As of now the basic information of the Homecoming and Nationale La Marche registration are on the website which is [www.8and40.org](http://www.8and40.org) under the events information. The basic Marche event information is there for you to plan your flight and schedule time to come to the La Marche.

We all in De Kentucky are excited to have you with us this year as we are still going to instill social distance and mask mandate according to our state and the hotel regulations. So please, we all need to be patient and I want to see everyone to stay healthy and safe while you are here enjoying the “Kentucky Southern Hospitality.”

Please make sure that your officers and chairmen are getting notices out to your Petite Salons to get their reports to you and your Demi Chapeau in your division. I know getting a 2019-2020 and 2020-2021 report is a lot, but we can get the job done.

We received an email from National Jewish Health and once again they were as disappointed and as we were that Chapeau Day’s was cancelled. But they wanted to express thanks to 8 and 40 organization. We came though in the years of my Special Project of End-Tidal CO2 monitor for the clinic (a unit that gathers oxygen and carbon dioxide levels without needing to draw any blood from an infant). Through our collective donations, National Jewish Health was able to purchase two of these monitors. Congratulations to each of and I thank you for the support of this All-Partners Project. Please work on our Partnership as we are still behind. We need everyone plus new partners too with all the 8 and 40 programs we support. I know I am repeating myself but, these programs all need your support.

Also, you can go on You-Tube under National Jewish Health and there are two links of interest to all 8 and 40 partners. The first one is an update on Morgridge Academy. The school is back open so it tells about all they are doing to making it safe for the children and staff there at the school. The second is a video of Children from the school Thanking us even though we were not able be there these past two years.

I have a couple of invitations in June to De Washington and to D’ Indiana for their departementaux La Marche.

Please continue to stay safe and healthy and I hope to see you in De' Kentucky in August.

**Diane**

***Hearts in Service for our Special Children!***

**News from Le Petit Partners, Salon  
#122 Norfolk, d' Massachusetts**

Submitted by: Mary "Sugar" White,

Ann Upton, sewed children's protective masks and distributed 150 of them to an orphanage in New Jersey and through a nurse friend in the Dakotas to children with respiratory illnesses. #50 masks were sent to a veteran's organization for the children of military personnel. She normally

charged \$5.00 per mask, so this donation of 200 masks was valued at \$1000.00. In addition she also purchased games and small bags she filled with snacks to give out to children at the orphanage valued at \$50 for a total of \$1050.00. Recipients were: Children's Home Society of Lawrence, Township, NJ and Standing Rock Sioux Tribe, Fort Yates, ND, and a home for abused women and children.

Betty Berry donated (every year Betty does this) \$500.00 in toys to the Boston Children Asthma Clinic and Mary White donated \$100.00 for the teachers of Prospect Hill Academy, grades Pr-K through 3rd grade. Many of the children use inhalers for their allergies and breathing issues.
