

Le Chapeau Nationale
Les Chapeaux Nationale Passe
National Officers and Chairman
Fellow Partners,

Fall is in the air and hopefully you are all doing ok. I know some of you have had health problems and my prayers are with you all at this time.

With Veterans Day just around the corner I'm hoping that your Salon has reached out to the school in your community and has something special planned. Maybe an essay contest or a coloring contest for the younger students. What does the American Flag mean to you? What is Veterans Day for? Our American Flag stands for so many wonderful things and needs to be put back in our Hearts . Maybe you can hand out small flags at the parade!

Take a look around your community, are there flags being flown that are tattered, torn , faded? Get with them and help get them replaced, make sure the old one is properly disposed of.

Remember this Officer challenged each Salon to the best program to reach out to schools and their community. Educate them about the American Flag. Also to the Salon who hands out the most American Flags. Who's up to this challenge?

In the Hat Box that will be coming out I gave you a trivia game to test your knowledge of the American Flag, have fun with it. I sure did.

Thanksgiving is also coming soon. Hold your family close and check in on friends, neighbors. This is a tough time of year for many. Blessings to all of you.

With Pride in my Heart,
Pamela Way, L'Concierge Nationale
